

PRE H2O

Wet-washing pretreatment – Highly concentrated pre-spotter

CHARACTERISTICS::

PreH2O is a highly concentrated product with excellent de-greasing properties. To be used on heavily soiled textiles before wet-washing. Excellent also on collars and cuffs. Can be used on all material types and colours.

APPLICATION:

Spray on the parts you want to treat and help this action if necessary by brushing. Let it work for 10-15 minutes then wash the garment as normal. It is advisable to always test on a hidden internal part first.

STORAGE:

Store at a temperature above 5 °C.

PACKAGING:

Plastic bottle with spray nozzle Kg. 1
Sealed plastic can Kg. 10

All the particulars in this data sheet are correct given to be the best of our knowledge; however owing to the inherent variability of operating conditions, they do not constitute a warranty.
